

Global Clinical Project Manager M/F

Portugal, Spain

Reference Number:

You are a highly skilled professional with passion for the world of life sciences and clinical research? You want to thrive in a dynamic and collaborative international environment where your expertise directly impacts people lives?

Come and join **Aixial Group** to contribute to shaping the future of clinical research!

We are looking for a **Global Clinical Project Manager (M/F)** whose missions will include the following (**non-exhaustive list**):

Key responsibilities:

- **Oversee and manage** all aspects of global clinical studies (interventional phases) outsourced to a CRO, including **planning, quality, budget, and defined goals**.
- **Lead execution and reporting** activities alongside the diverse clinical departments.
- **Endorse project plan** developed by the CRO in accordance with study objectives and requirements in terms of team responsibility, risk mitigation plan, escalation process, communication plan...
- Ensure that Global clinical studies adhere to **Good Clinical Practice (GCP)**, local regulations, guidelines, and **SOPs** in the required standard of quality.
- **Communicate project progress** effectively and collaborate as a **cohesive team**.
- **Lead and manage** the cross-functional Clinical Team and Contract Research Organization (CRO) in collaboration with other study team members..

Profile and skills required:

- You have a **master's degree (Bac+5)**, **PhD** in clinical research or another equivalent field of study.
- You have at least **2 years of experience** in the role (CRO, pharmaceutical, or biotech).
- You have experience in **managing** international clinical studies and working in international teams.

- You have **strong communication** skills, adept at working on various projects with different stakeholders.
- You have competence in **budget management, planning, and project monitoring.**
- You have proficiency in **overseeing vendor management**, such as Contract Research Organizations (CROs).
- Experience in **oncology is a plus**, as well as expertise in other therapeutic areas.
- Your **English is fluent.**
- You are based in **Spain or Portugal**

Who Are we?

- We are **one of the world's leaders in CRO** (Contract Research Organisation) with the commitment, expertise, and flexibility needed to deliver efficient clinical trials.
- We work with global pharmaceutical, biotech, cosmetic, medical device, and many other companies around the globe, providing them with innovative and scalable solutions.
- We are **operating in 10 countries across 3 continents**, bringing together **over 1000 talented professionals** dedicated to make a positive impact in the life sciences industry.
- We have been **part of ALTEN Group since 2014** and are continuously exploring new opportunities to expand our activity worldwide.

Why Join Us?

- Make a positive impact and be at the forefront of project:

You will be part of groundbreaking advancement in clinical research that has positive impacts on millions of people's lives globally.

- Career Development:

People are our biggest asset. We are committed to empower our team continually and build a positive and supportive environment that fosters growth, flexibility, and teamwork. At Aixial Group, you will be coached and mentored throughout your journey to help you advance your professional and personal growth.

- Our commitment to Diversity, Equality, and Inclusion:

We aim to create a workforce which promotes dignity and respect, where individual differences are recognized and valued, and where each employee can give their best.

Gender equality is at the core of the development strategy of Aixial Group.
